Pattie,

I am forwarding the requested information for the Parks Commission.

I grew up many moons ago in a farming community in Iowa. I attended college for one year. married and we became a military family with many moves. While my husband was in the military, from which he retired, I participated in volunteer positions that benefited military families.

When we lived in Turner, Oregon I was appointed to fill a vacancy on the Town Council. I was elected to two terms on the Town Council. While living in Turner I was President of the school booster club, which raised enough money to continue school activities for the students after a tax referendum failed. I have worked outside the home for over 20 years. I currently volunteer for the Monroe Clinic. Growing up in a rural community much like the New Glarus area has made me appreciate the importance of green spaces. I would like to reach out to members of the community in a volunteer role.

**Subject:** Town Parks Commission

Hi Patti--

We met in spring when I registered to vote and then when I voted early. My wife, Sue Ellen Ostrom and I moved to Valley View Road last fall.

I read in the newspaper that the Town is looking for additional members for its parks commission. I would be interested in serving on the commission. I've had similar experience in serving on Dane County's Lakes & Watershed Commission (6 years) and the Lake Waubesa Conservation Authority (~10 years).

What do I need to do to pursue this?

# **New Glarus FFA Alumni Hoesly Pond Project 8/1/11**

Our Vision at this time is a community park that people could enjoy a pond, fishing and the general beauty of the area. We envision a shelter with picnic table and benches and a stocked fishing pond.

The New Glarus FFA Alumni began the process for this project with discussions with the Village Board in 2008, with their approval we applied for the permits from the DNR and as of July 4, 2011 (Independence Day) we started the process of draining the pond for dredging. Draining then dredging is the first steps in bringing the spring fed pond back to life.

This proposal was put together with the information available at this time on where the Pond Project is going. We realize that actual costs may vary and project needs and obstacles may occur, but this is what we believe to be our needs at this time. The items on the list are our wish list for this project over time; we realize that this is dependent on permits and funding. We believe we have the support of the community and are hoping that people and businesses will assist us in making this project a reality. We have our own fundraising opportunities but will also be looking for assistance from others.

Thank You for any help that you can provide. Any questions please feel free to contact:

**60 Day Money Back Guarantee**

If the customer is not 100% satisfied with their order, the order may be returned at their expense. Pictures verifying the dock was assembled and a detailed description of the problem must be provided to DBNA to qualify. The docking system cannot have been used for any commercial purpose or special events. This is not a loaner program and will not qualify as such. Once the dock has been inspected and all undamaged parts have been returned, a check will be issued within 30 days or less for all returned undamaged components. This limited-time promotional offer is not a modification of the DBNA warranty.

**Drawing of your Dock**

See a draft drawing of what your dock could look like in the supplement to this proposal. Drawings are rough estimates of how your dock could look but are not part of this proposal. Final assembly is made at the discretion of the customer.

**SC Carolina Residents are subject to SC Sales Tax.**

Customers located out-of-state are responsible for paying their state's tax requirements. Please consult your local taxing authority for more information.

**Confirming Your Order**

# LIFETIME LIMITED WARRANTY AND LIMITED LIABILITY

---

Dock Blocks of North America, LLC ("DBNA") warrants its product (individual flotation unit and related accessories), if not altered by the original purchaser or any third party and if used in compliance with all applicable instructions, supplements and assembly or installation videos, and if used in accordance with the DBNA users manual and applicable law, to be free from defects in material and workmanship for as long as the original purchaser owns the product and the product is used for non-commercial personal use. If the product should prove defective in material or workmanship within that period, DBNA or its contractors will, at the sole discretion of DBNA, repair or replace a defective individual flotation unit or related component part with a new or reconditioned unit or part. Service under this Warranty may be obtained by notifying a DBNA contractor or dealer of a warranty claim, which claim will then be evaluated for validity within 20 days. Call your DBNA dealer or DBNA Customer Service at 1-877-478-8440 to receive a Warranty Claim Verification Number (WCVN) prior to claim evaluation and any potential repair or replacement. DBNA warrants its product which are used for commercial purposes, if not altered by the original purchaser or any third party and if used in compliance with all applicable instructions, supplements and assembly or installation videos, and if used in accordance with the DBNA users manual and applicable law, to be free from defects in material and workmanship for five (5) years from the date of purchase and subject to the above-described claims process and individual unit repair or place policy.

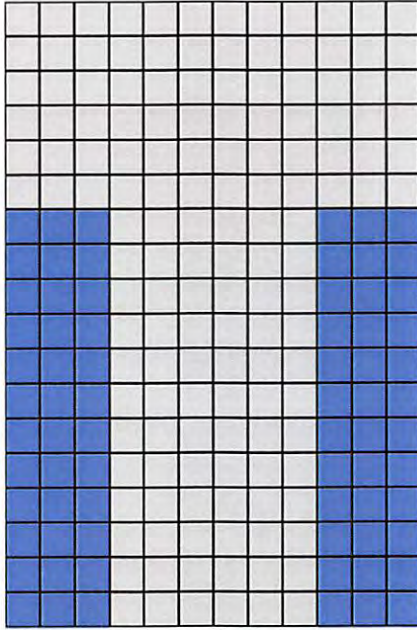

THIS WARRANTY DOES NOT APPLY TO NORMAL WEAR OR TO DAMAGE RESULTING FROM ACCIDENT, MISUSE, ALTERATION, MODIFICATION, ABUSE OR NEGLIGENCE. THIS WARRANTY EXTENDS ONLY TO THE ORIGINAL PURCHASER OF A DBNA PRODUCT. DBNA MAKES NO EXPRESS WARRANTIES OTHER THAN THE WARRANTY EXPRESSLY SET FORTH HEREIN AND A DBNA DEALER OR AGENT HAS NO AUTHORITY TO EXTEND A GREATER OR DIFFERENT WARRANTY ON BEHALF OF DBNA. EXCEPT TO THE EXTENT PROHIBITED BY LAW, ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, IF ANY, INCLUDING BUT NOT LIMITED TO THE WARRANTIES AND/OR CONDITIONS OF MERCHANTABILITY, OF SATISFACTORY QUALITY, OR FITNESS FOR A PARTICULAR PURPOSE, ARE SPECIFICALLY DISCLAIMED THIS WARRANTY APPLIES ONLY TO DBNA PRODUCT PURCHASED THROUGH AN APPROVED DBNA DEALER OR SALES CONTRACTOR.

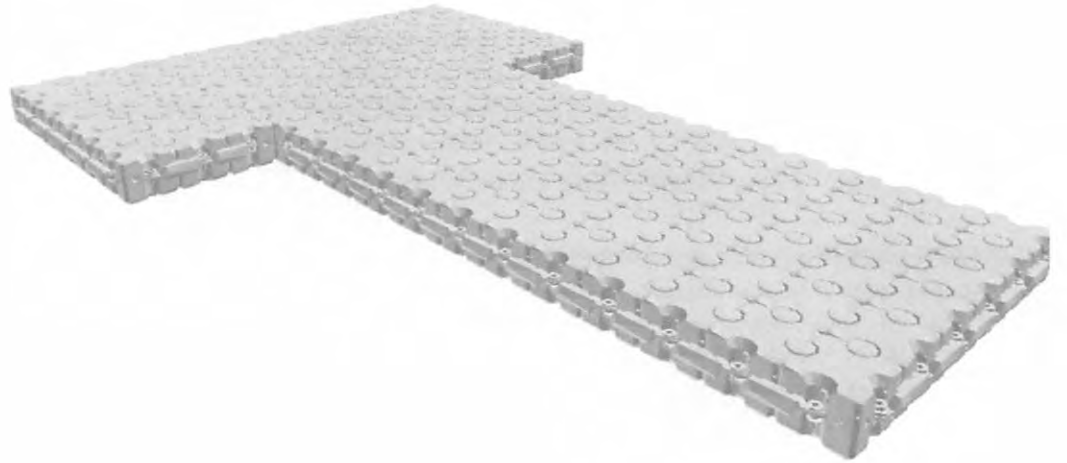

LIMITATION OF LIABILITY, REMEDIES AND DAMAGES. IN NO EVENT SHALL DBNA BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE, OR INABILITY TO USE, THE PRODUCT OR ACCESSORIES OR ARISING OUT OF ANY OTHER CIRCUMSTANCES ASSOCIATED WITH THE SALE OF THE PRODUCT, INCLUDING WITHOUT LIMITATION DAMAGES BASED ON LOSS OF PROFIT, LOSS OR INTERRUPTION BUSINESS, LOSS OF TIME, INCONVENIENCE, DAMAGE TO THE PRODUCT, PERSONAL INJURY, DEATH, OR DAMAGE TO PERSONAL OR REAL PROPERTY, OR DAMAGES RESULTING FROM MISUSE OR MODIFICATION OF YOUR DBNA FLOTATION UNIT, EVEN IF DBNA IS ADVISED IN ADVANCE OF THE POSSIBILITY OF ANY ABOVE-DESCRIBED DAMAGES. DBNA's total liability, if any, under any provision of this Warranty for any and all claims, losses or damage relating to the product or arising out of any other circumstances associated with the sale or use of a product (whether based on tort, contract, or any other theory), other than claims based upon the gross negligence or willful misconduct of DBNA, shall be limited to the amount actually paid to DBNA for the product. DBNA is not responsible for unauthorized or unlawful acts of its dealers or agents.

LAW OF SOUTH CAROLINA CONTROLS. The Purchaser and DBNA hereto agree that by in entering into this Agreement they have contracted with reference to, and adopted, the laws of the State of South Carolina and the construction and interpretation of the terms and provisions of this Agreement and the rights and obligations of the parties hereunder shall be interpreted and construed under and pursuant to the laws of the State of South Carolina, except in such cases and to such extent as the laws of another jurisdiction must control. By execution or approval of the Sales Agreement, Purchaser, DBNA, its Agents and Dealers specifically agree to be subject to personal jurisdiction in the State of South Carolina and agree that Charleston County is the designated venue for resolution of any claims or proceedings.

**GENERAL NOTES:**

This Preliminary Site Plan is based on measurements that were provided in the initial planning phase. All dimensions must be verified prior to the submission of a purchase order. Playcraft Systems will not be held responsible for any discrepancies between actual dimensions and dimensions submitted in the planning phase.

The Minimum Use Zone for a play structure is based on the product design at the time of proposal. Components and structure designs may be subject to change which may affect dimensions. Therefore, before preparing the site, we strongly recommend obtaining final drawings from the factory (available after the order is placed and included in the Assembly Manual).

**WARNING:** Accessible safety surfacing material is required beneath and around this equipment that has a critical height value (fall Height) appropriate for the highest accessible part of this equipment. Refer to the CPSCS Handbook For Public Playground Safety, Section 4: Surfacing.

**TO:** Potential Grant Applicants –

- Stewardship Local Assistance grants
- Land & Water Conservation Fund grants
- Recreational Trails Program (RTP) grants

**FROM:** Cheryl Housley, Community Services Specialist – South Central Region

**SUBJECT: Grant Applications must be postmarked May 1, 2019**

The Department of Natural Resources is pleased to inform you that application materials for Stewardship Local Assistance, Land & Water Conservation Fund (LWCF), and Recreational Trails grants are available on the DNR website at <http://dnr.wi.gov/topic/stewardship/grants/applylug.html> (see application tab). The application materials are combined again this year for all three programs.

**Applications must be postmarked or dropped-off no later than May 1 to be considered for funding. PLEASE clear cached data/history on your internet browser, or these new forms will not display accurately.**

The following sections are somewhat different from previous years and are fillable forms:

- Section 1& 2 (Project Information & Background): <http://dnr.wi.gov/files/PDF/forms/8700/8700-191.pdf>
- Stewardship, LWCF & Rec. Trails ranking questions (see guidance doc. pgs. 16-29 & answer template)

Guidance with ranking questions:

[https://dnr.wi.gov/topic/stewardship/documents/2019\\_FY20\\_StewLUGRTALWCFAppBook\\_DIST.pdf](https://dnr.wi.gov/topic/stewardship/documents/2019_FY20_StewLUGRTALWCFAppBook_DIST.pdf)

Answer Template: <http://dnr.wi.gov/files/PDF/forms/8700/8700-338.pdf>

We encourage you to obtain the application materials from our website. A limited number of paper copies are available from our office. Again this year, we ask that you submit both paper and electronic copy (CD or flash drive) of the completed application. Please provide each document as a separate electronic file, rather than one large electronic file (such as a scanned PDF of the entire application).

**State Stewardship and Federal LWCF Applications.** FY20 Stewardship is pending a new biennial budget year, however we anticipate that local assistance funding level will remain at \$6 million. The Federal LWCF grant funding level is unknown at this time due to the ongoing federal budget process, but applications for this program will be accepted anticipating funds will be delegated National Park Service to Wisconsin. Successful projects may be reimbursed for up to 50% of the eligible total costs. If your community is planning to acquire recreational land, develop outdoor recreation facilities, or update existing facilities to ensure accessibility, an application form is available at the above link. The application covers the state Stewardship subprograms of Acquisition and Development of Local Parks, Urban Rivers, and Urban Green Space as well as the federal LWCF grants.

If your community has a LWCF-only eligible project, i.e. active recreation such as new or renovated ballfields, splash pads, tennis courts, etc. Please prepare a LWCF-only unique application for these types of projects.

**Federal Recreational Trails Applications.** Recreational Trails funding will be available again this year. At this time, the funding allocation is also unknown due the ongoing federal budget process. Successful projects may be reimbursed for up to 50% of the eligible total costs. **This year, there is a maximum grant award amount of \$45,000 per project.** This program can be used as a funding match for projects in the Stewardship Program as well as the Snowmobile, ATV and UTV programs; however, separate applications must be submitted for Snowmobile and ATV grants.

A prerequisite for applying for state Stewardship or Federal LWCF grant funds is to have a current (within the last 5 years), local comprehensive outdoor recreation plan that has been adopted by your unit of government and submitted to DNR for eligibility approval. Your plan must include a specific reference to the project(s) for which you will be seeking grant assistance. If you plan to apply for grant assistance in 2019 but do not have current eligibility or are uncertain of your eligibility, please contact us to review your outdoor recreation planning needs and status as soon as possible.

**If you intend to apply for grant assistance to acquire land or an easement, please contact us as soon as possible. Acquisition projects take more time to implement because appraisal and land and easement acquisition requirements must be met for your project to be eligible for grant assistance.**

If your park development project involves both passive and active recreation items, you must submit two cost-estimate worksheets: one for the passive, “nature-based” Stewardship-eligible amenities and a separate one for active LWCF-eligible recreation items.

As you may be aware, **all land acquisition project applications** must now be reviewed to determine if the project will provide public access for “nature based outdoor activities” (NBOA, defined as hunting, trapping, fishing, hiking, and cross-country skiing). One or more of the NBOA activities may be prohibited or restricted **only** if necessary to protect public safety or to protect unique plant and animal communities. Because of this policy, if you are planning on submitting an application for land acquisition **it is very important that you contact us as soon as possible.**

Public demand for outdoor recreation and preservation of natural resource areas continues to grow. We encourage you to consider applying for matching grant assistance in 2019 and look forward to our ongoing partnership to provide quality outdoor recreation opportunities in Wisconsin. This may be a great opportunity for you to address a local priority outdoor recreation need at a reduced cost to your residents.

**Please Remember:** **This year’s application deadline postmark deadline is Wednesday, May 1, 2019.** If you have questions or need assistance, do not hesitate to contact us before the postmark deadline about potential grant projects at:

**Phone number:** (608)275-3218

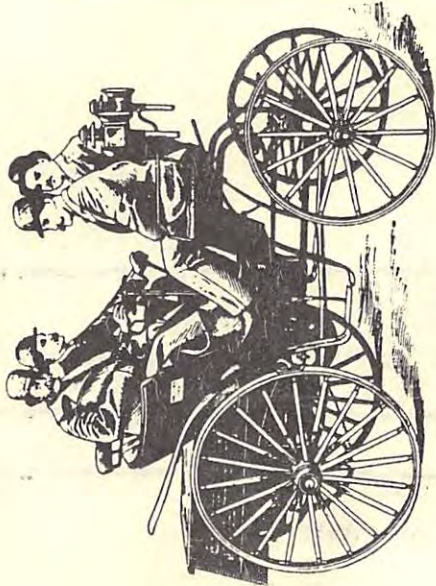

**E-mail:** cheryl.housley@wisconsin.gov

If you are interested in other available grant programs administered by the Wisconsin Department of Natural Resources, please access our Community Financial Assistance web site at <http://dnr.wi.gov/Aid/>. We look forward to hearing from you and continuing the terrific accomplishments we’ve made together in conservation and outdoor recreation!

## NEW GLARUS OCTOBERFEST FALL COLOR-BARN-HISTORY SELF GUIDED AUTO TOUR

This trip is 30 miles long and takes 2-3 hours depending on how many stops you make. Plan on spending 30 minutes each at Prima Kase, Postville Blacksmith Shop and 15 minutes at Greens Prairie Cemetery. Prima Kase hours are Saturday 9-3 and 10-2 Sunday. Postville Blacksmith shop will be open from 9-12 and 1-4 both days. No state park sticker is required at the New Glarus Woods State Park. The mileage at the end of each stop on the tour is the distance from the previous stop. This tour begins and ends at the New Glarus Information Booth. The barns are not open to the public. Please remain within the road right-of-way when stopping.

**#1-OLD LEAD TRAIL MARKER, HWY 69** New Glarus Woods State Park. 2 Mi.

**#2-STAUFFACHER FARM-N7422 HWY 69.** The barn nearest the road is a three story barn which enabled the farmer to drive into the top story to unload corn Etc. to feed the hogs housed on the ground floor. A visionary idea for its time. .5 Mi.

**#3-VOEGELI FARM-N7190 HWY 69.** This farm celebrated its 100th Anniversary as a Brown Swiss farm this past Tuesday. This barn along with the previous barn were featured in Jerry Apps Barns of Wisconsin. The barn was built by the Rolph Bros., Monticello using 56 foot long single piece beams brought in from the west coast. The pasture in the foreground was the site of the first Swiss cheese factory in Green County. .5 Mi.

**#4-FREITAG ESTATE FARMS N7049-53, HWY 69.** The barns on both sides of the road utilize louvers in barn walls to help cure the hay and ventilate the barn. The white house was used by the hired man and the owners lived in the larger red brick home. .5 Mi.

**#5 PRIMA KASE CHEESE-W6117 CTY HWY C.** This four corners was typical of rural Wisconsin in the 1940's-50's when small rural businesses served a much larger farm population. The far end of the green home near the garage served as a country store.

Washington Mill, Implement and Town Hall still serve neighboring farmers. On rainy days farmers would gather at the implement or mill to discuss crops and issues of the day. 4.9 Mi.  
**#6-HEFTY-BLUM HOMESTEAD FARM-W6303 HEFTY RD.** This farm has been in the Hefty-Blum family since 1848 the same year Wisconsin gained statehood. The stone barn was built in 1861 and is still used today. The stone silo was destroyed in the early 1950's. 2.4 Mi.

**#7-LIMBURGER CHEESE MONUMENT-W6355 MEADOW VALLEY RD.** This is the site of the first limburger cheese factory in the United States. Please read the inscription on the plaque. Today only one factory, Chalet Cheese Coop. located eight miles south is the only factory in the U.S. still producing limburger cheese. 1.4 Mi.

**#8-DON ELMER BARN-W6408 HWY H.** This barn is typical of the Pennsylvania Dutch hillside barns also favored by the Swiss. This barn is featured in, Barns of Wisconsin, available at Simple Gifts Gallery. 2.9 Mi.  
**#9-W6604 HWY H.** The native limestone building build into the hillside was used for a cheese storage building for a number of years. It's built of native limestone. .9 Mi.

**#10 POSTVILLE BLACKSMITH SHOP-N8126 POSTVILLE ROAD.** Owner Bob Bergman purchased the building and equipment in the late 60's. Bergman, who had no experience in blacksmithing began with only a book on blacksmithing. Today he enjoys a nationwide reputation for his iron work. Open 9-12, 1-4 Saturday and Sunday. 3.8 Mi.

**#11-GREENS PRAIRIE CEMETERY, POSTVILLE ROAD.** This cemetery once contained the grave of one of the LaFollette family, the premier political family of Wisconsin at the turn of the century. The last burial was in the early decades of this century when an unknown transient was buried here. Within the cemetery you will see many varieties of plants native to the 5,000 acres of prairie which once existed here. Tours of the prairie will be held from 12-3, Sat. check tourist information booth for Sunday hours. .7 Mi.
