To the Voters of Green County:

On September 16, 2022, it was discovered that there was an error on the printed ballots for November 8, 2022 election for Green County. The candidates for the Coroner and Clerk of Circuit Court were swapped and this error was not caught before the ballots went to print.

To adhere to the statutory deadline (Wis. Stat. 7.10 & 7.15) to send absentee ballots to all electors with valid request on file by October 22nd, my office printed a supply of ballots in-house over that following weekend to satisfy the absentee mailing requirement. The quality of the print on the replacement ballots was less than ideal (smears, bleeds, light text, etc.), and we received many questions about the ballots from absentee voters. The ballots were and are legitimate, but will likely need to be remade by election inspectors on election day due to the machines not reading them. This remake process will follow the process laid out in the election day manual. At least two election inspectors (one from each political party if applicable) will participate in the remake process and will announce to observers, if present, that a ballot is being remade. Any remakes will also be noted in detail on the inspector's statement.

If you should have any questions or concerns regarding the remaking of ballots, please do not hesitate to reach out to my office directly.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "A. Voegeli", is written over the typed name.
