LOCATION: 26 5th Avenue, Town Hall Community Room or virtually

VIRTUALLY: <https://us06web.zoom.us/j/87272050484?pwd=bFVlOFRiMlFGRWtCODhEVVJHR3U4Zz09>

Meeting ID: 872 7205 0484

Passcode: 338410

Phone: 1 312 626 6799

Any specific subject on the agenda for consideration by the Board may be acted upon by the Board.

1. Call to Order
2. Call to Order and Announcement of Intent to Go into Closed Session per Wis. Stat. § 19.85(1)(e); the Zoom Recording will be Stopped During Closed Session and Restarted when Reconvene into Open Session (around 7:30 PM; the public cannot attend the portion held in closed session)
3. Approve Minutes from
 - a) Public Hearing – March 8, 2023
 - b) Regular Town Board – March 8, 2023
4. Public Comments
5. Review and Consider Approval of Ordinance 2023-02 to Amend Chapter 110 Land Division and Subdivision
6. Review and Consider Approval of Knowles-Nelson Stewardship Grant Application to the Wisconsin Department of Natural Resources and Approval of Resolution 23/04/12 to Adopt a Buy Local Policy for The First Town Park
7. Review and Consider Approval of Final Plat for Nature's Gift 6-Lot Cluster Division of Land along Airport Road as Proposed by Carol Holmes, W4988 Airport Road, New Glarus
8. Review and Consider Approval of Amendment to Vierbicher Agreement for W6599 STH 39 Property to Include the Scope of Additional Services
9. Review Draft Concept Map for W6599 STH 39 Property by Certified Survey Map
10. Approval of Plan Commission Chair Appointment
11. Review and Possibly Approve Alfa Romeo Hill Climb Event
12. Review and Possibly Approve Remember Me Red Run
13. Patrolman Report
14. Clerk-Treasurer Report
 - a) Update on Spring Election
 - b) Review and approve refunds of driveway damage deposits
 - c) Review and possibly approve estimate from General Code to update codification of ordinances
 - d) Approval and payment of bills
15. Chairman Report
16. Parks Commission
 - a) March 15, 2023 minutes
 - b) Consider approval of a donation of \$2,500 to New Glarus Cares contingent upon the Village of New Glarus making a comparable donation toward the new Town park
17. Plan Commission
 - a) March 16, 2023 minutes
18. Motion to Convene into Closed Session per Wis. Stat. § 19.85(1)(e) which Allows a Governmental Body to Meet in Closed Session to Deliberate or Negotiate the Purchase of Public Properties, when Competitive or Bargaining Reasons Require a Closed Session by Roll Call Vote
19. Reconvene in Open Session under Wisc. Stat. §19.85(2)
20. Announcement of Decisions Made in Closed Session
21. Adjourn

Chris Narveson, Chair

John Wright, Clerk-Treasurer

Town of New Glarus
PUBLIC HEARING FOR AMENDMENTS
TO THE 2022-2027 COMPREHENSIVE OUTDOOR RECREATION PLAN
WEDNESDAY, MARCH 8, 2023
MINUTES

Town Board Attending: Chris Narveson (Chair), Robert Elkins, Jim Hoesly, Matt Streiff, and Troy Pauli

Board Members Absent: none.

Also Attending: John Wright: Clerk-Treasurer; Melissa Hunt (virtually) and Tim Schleeper: Vierbicher Associates staff;
Harry Pulliam: Chair, Town of New Glarus Parks Commission; Kelly Ruschman: Commissioner, Town of
New Glarus Parks Commission; and Larry Disch: Town of New Glarus resident

1. **Call to Order:** Chair Narveson called the meeting to order and opened the public hearing at 6:00 PM.
2. **Proof of Posting:** Clerk-Treasurer Wright attested to the proper proof of posting that includes posting in three physical locations and to Town website, since February 16, 2023, and publication in the Post Messenger Recorder on February 23, 2023.
3. **Open Public Hearing for the Proposed Updates to the 2022-2027 Town of New Glarus Comprehensive Outdoor Recreation Plan (CORP)**
 - a) Town Board, Parks Commission Chair, and/or Vierbicher staff will introduce the proposed changes to the 2022-2027 CORP – Chair Narveson noted that the proposed changes reflect the inclusion of a portion of the 97+ acres of land purchased by the Town that will be dedicated to passive recreational use. Updated goals are included in the recommended changes to the CORP that are related to this land as well as newly inserted maps. The main reason for the updates, Narveson explained, is to qualify for Knowles-Nelson Stewardship Grant funding to offset 50% of the appraised value of the 60+ acres set aside for dedicated parkland.

Melissa Hunt, the Municipal Services Department Manager at Vierbicher, reviewed the location and nature of each change within the CORP. This document has been reviewed by the Parks Commission and recommended on February 15, 2023 for Town Board approval and scheduling of tonight’s public hearing. Hunt noted that the map of the future Town Park has been left somewhat open until a determination has been made regarding a possible grant award from the Knowles-Nelson Stewardship Grant fund.
 - b) Members of the public will be recognized to speak for up to 5 minutes each: there were no questions from the public in attendance.
4. **Adjourn:** Motion to close the public hearing at 6:07 PM and adjourn by Supervisor Streiff; second by Supervisor Pauli.
Motion carried 5-0.

Approved:

John Wright, Clerk-Treasurer

**REGULAR TOWN BOARD MEETING
WEDNESDAY, MARCH 08, 2023
MINUTES**

Town Board Attending: Chris Narveson (Chair), Robert Elkins, Matt Streiff, Jim Hoesly, and Troy Pauli
Board Members

Absent: None

Also Attending: John Wright: Clerk-Treasurer; Melissa Hunt (virtually, departed at 6:57 PM) and Tim Schleeper: Vierbicher Associates staff; Harry Pulliam: Chair, Town of New Glarus Parks Commission; Kelly Ruschman: Commissioner, Town of New Glarus Parks Commission; and Larry Disch: Town of New Glarus resident.

1. **Call to Order** – Chair Narveson called the meeting to order at 6:07 PM.
2. **Proof of Posting** – Clerk-Treasurer Wright attested to the proper proof of posting.
3. **Approve Minutes from**
 - a) Public Hearing – Motion to approve the February 8, 2023 Public Hearing minutes was made by Supervisor Elkins; second by Supervisor Streiff. Motion carried 5-0.
 - b) Regular Town Meeting – Motion to approve the February 8, 2023 regular Town Board meeting minutes was made by Supervisor Hoesly; second by Supervisor Elkins. Motion carried 5-0.
 - c) Special Town Board – Motion to approve the February 13, 2023 Special Town Board meeting minutes was made by Supervisor Streiff; second by Supervisor Pauli. Motion carried 5-0.
 - d) Special Town Board – Motion to approve the February 18, 2023 Special Town Board meeting minutes was made by Supervisor Pauli; second by Supervisor Streiff. Motion carried 5-0.
 - a) Special Town Board – Motion to approve the March 2, 2023 Special Town Board meeting minutes was made by Supervisor Hoesly; second by Supervisor Elkins. Motion carried 5-0.
4. **Public Comments** – There were no public comments.
5. **Review and Consider Approval of Updated Comprehensive Outdoor Recreation Plan by Resolution 230308**

A motion to approve Resolution 230308 was made by Supervisor Hoesly; second by Supervisor Pauli. Motion carried 5-0.
6. **Consider Appointment of Rose Pertzborn as an Alternate Member of the Town of New Glarus Parks Commission**

Chair Narveson asked for this item to be deferred until such time that the Parks Commission is codified; without objection.
7. **Draft Annual Meeting Agenda to Include Decision Regarding Filing Nomination Papers Instead of an Annual Caucus for Town Chair and Supervisors**– Clerk-Treasurer Wright presented a draft agenda for the Annual Town Meeting to be held on Wednesday, April 19, 2023 at 6:00 PM. The minutes from the prior year will be available for public inspection, but were already approved by the Town Board. In addition to seeking the approval from the qualified electorate to move from a caucus system to select candidates for the Town Board to a process requiring the filing of nomination papers and declarations of candidacy with the Clerk, there will be an update regarding the land purchased by the Town.
8. **Patrolman Report** – Chair Narveson provided a brief update.
9. **Clerk-Treasurer Report**
 - a) Update on Spring Primary and 2022 financial audit – Clerk-Treasurer Wright reported voter participation in the Spring Primary at 37%. Staff from Johnson Block spent most of Monday, February 27, 2023 at the Town Hall reviewing 2022 financial records that include accounts payable, accounts receivable, tax collection, and payments for capital projects. Preliminary findings should be available to share at the Annual Town Meeting.
 - b) Approval and payment of bills – A motion to approve payments by ACH and checks 21061- 21089 was made by Supervisor Pauli; second by Supervisor Elkins. Motion carried 5-0.
10. **Chairman Report**

- a) Monument casting installation for section corners – Chair Narveson reported that Green County is continuing the process of correcting the location of some section corners. Those within the Town of New Glarus that are within public road rights-of-way may require a casting. Others that need to be relocated will be excavated and placed in the corrected locations.
- b) Award of contract to appraise passive recreational land for recently acquired property – MJ Barnes & Associates, LLC was selected by the Board from the three appraisal services that responded with proposals. The work is in support of the Knowles-Nelson Stewardship Grant that is due to the Wisconsin Department of Natural Resources on May 1, 2023.
- c) Review letters to Representative Bare and Senator Hesselbein to solicit support of Knowles-Nelson Stewardship Grant Application – There was no objection to the letters or the granting of authority for Chair Narveson to sign on behalf of the Town. The Clerk will email and mail the requests tomorrow.
- d) Listing of buildings and approximately 10.3 acres of land located at W6599 CTH 39 – Chair Narveson reported that the renter will be contacted to allow access to document the interior of the property for the listing by Jeglum and Hedeman. A property inspection will need to be conducted to make as part of the condition report to list of any observable defects. Planner Schleeper distributed an updated concept map of the entire Town property (version 6). Schleeper noted that the access from a proposed cul-de-sac to the eastern property line has been eliminated. Markers will be placed soon so that the appraiser can determine the extents of the land for which they are valuing. There followed a brief discussion regarding erecting a perimeter fence around the farmette. Without objection, version 6 of the concept map will be the basis for the farmette sale and size of the land to restrict to passive recreational use. Narveson shared a proposed distribution of 2% of sales taxes to local municipalities if the provision is approved in the budget proposed by Governor Evers. Narveson provided an update on ATV/UTV access for measures that have been approved and those pending approval. The local chapter of the Wisconsin Towns Association would like to see a single standard applied to such routes that is County-wide.

11. Parks Commission

- a) February 15, 2023 minutes – Parks Commission Chair provided a brief report on the prairie workshop held the week prior. He reminded those present that the electronic recycling event and tree pickup will be held at the Town Hall parking lot on April 22, 2023 from 9 AM until noon. The River Tripping Workshop will be held on April 15, 2023 from 2-4 PM at the Town Hall.
- b) Request to amend bylaws to allow an alternate position on the Parks Commission by Town Ordinance – Until this measure can be scheduled for a public hearing for Town Board consideration for adoption, Rose Pertzborn will continue to serve in the absence of another appointed member; without objection.
- c) Consider approval of a donation of \$2,500 to New Glarus Cares, contingent upon the Village of New Glarus making a comparable donation toward the new Town park – Melissa Hunt noted that approval of this recommendation would add to the total score of each municipality’s Knowles-Nelson Stewardship Grant application. No action was taken.

12. Plan Commission

- a) February 16, 2023 minutes – The Final Plat for Carol Holmes property along Airport Road will be ready for Town Board consideration in the near future. There are six 2.0-acre cluster lots proposed. The Preliminary Plat has already been approved following a duly noticed public hearing.
- b) Term for Plan Commission Chair expiring on April 18, 2023 – Without objection, the Chair will confer with Attorney Hazelbaker. Traditionally, the Town Chair has served as the Chair of the Plan Commission.
- c) Public hearing to amend Chapter 110 per Plan Commission recommendation on Wednesday, April 12, 2023 – Clerk-Treasurer Wright reported that the Class 2 Notice has been posted physically, posted to the Town website, and will be published on March 23rd and March 30th. Chair Narveson provided a brief update regarding his recent inspection of driveway access for an outbuilding for land located on the south side of Legler Valley Road. It is the intent of the owner to eventually build a residence. The existing access exceeds the maximum slope for a Town driveway. There followed brief discussion regarding how best to handle the permit application.

- 13. Adjourn – Motion to adjourn made by Supervisor Hoesly; second by Supervisor Pauli. Meeting adjourned at 7:07 PM.**

Approved:

John Wright, Clerk-Treasurer

TOWN OF NEW GLARUS, WISCONSIN
ORDINANCE NUMBER 2023-02
AN ORDINANCE TO ADOPT AMENDMENTS TO CHAPTER 110 OF
THE TOWN OF NEW GLARUS CODE OF ORDINANCES

WHEREAS, on April 12, 2023 the Town of New Glarus Board, Green County, Wisconsin voted to amend Chapter 110 Land Division and Subdivision, of the Town of New Glarus Code of Ordinances to amend §110-5 Definitions to insert Municipal Use and to amend Open Space; to modify §110-7 Land Suitability to include municipal uses; to modify §110-9 Hillside Protection to include municipal uses; §110-28 Partition Fences to include municipal use requirements; §110-34 Nonresidential Land Divisions to include municipal use requirements; §110-34 Nonresidential Land Divisions to include lot standards for Municipal Uses; §110-35 Normal and Cluster Density to define where Municipal Uses may be considered; and §110-39 Private Road Standards to add Municipal Use and Industrial use to requirements for road standards. The recommendations are as follows:

ARTICLE II. Definitions.

§110-5. Definitions.

Insert:

“MUNICIPAL STRUCTURES

Buildings used for support of a municipal use which are owned and operated by a Town, Village, County or School District.”

“MUNICIPAL USE

Uses of land by a Town, Village, County or School District to include, but not be limited to, active and passive recreation activities and structures, operation of facilities and structures for the maintenance of parks, natural areas, and roads, and other similar public or community uses.”

Amend:

“OPEN SPACE

The 85% or more of the existing parcel (or 91% of the original parcel in a Large Lot Division) that remains undeveloped or free of residential, industrial, or commercial structures. Permitted uses of open space are agriculture, recreation, passive recreation use, municipal use, and preservation of environmentally sensitive features.”

ARTICLE III. General Provisions

§110-7. Land suitability; protection of existing flora and areas of special interest.

A. Suitability.

Amend:

“(1) No land division shall be allowed for residential, commercial, municipal, or industrial use which is held unsuitable for such use by the Town Board for reason of flooding, inadequate drainage, unsuitable soil or rock formation, unfavorable topography, or any other feature likely to be harmful to the health, safety, or welfare of future residents of the community. The Town Board, in applying the provisions of this section, shall in writing recite the particular facts upon which it

bases its conclusion that the land is not suitable for residential, commercial, municipal, or industrial use and afford the land divider an opportunity to present evidence regarding such unsuitability if the land divider so desires. Thereafter, the Town Board may affirm, modify, or withdraw its determination of unsuitability.”

§110-9. Hillside Protection.

Amend:

“No land division for residential, commercial, municipal, or industrial purposes shall be approved which would result in, or authorize a use or disturbance of land, including construction of private roads and driveways, on hillsides with a slope of 20% or more, unless the land divider has submitted and the Town Engineer and the Town Board have approved construction plans and specifications, including an erosion control plan. For purposes of this section, 20% means a vertical elevation differential of 10 feet in 50 horizontal feet, the horizontal distance being measured perpendicular to the slope.”

ARTICLE VI. Required Improvements

§110-28. Partition Fences

Amend:

“When land that is developed for residential, municipal, or commercial use and abuts upon or is adjacent to land used for agriculture, farming or grazing purposes, the land divider shall, if requested by adjacent landowners, erect, keep, and maintain partition fences, satisfying the requirements of the Wisconsin Statutes for a legal and sufficient fence, between such land and the adjacent land. A covenant binding the developer, its grantees, heirs, successors, and assigns to erect and maintain such fences, without cost to the adjoining property owners, so long as the land is used for agriculture, farming or grazing purposes, shall be included upon the face of the final plat or certified survey map. Land included in a major subdivision that requires partition fences under state statute 236.02 will be required to construct partition fencing as outlined in state statute 60.23. Details and specifications of these improvements will be included in the developer’s agreement (see 110.20) for the plat or certified survey.”

ARTICLE VII. Design Standards

§110-34. Nonresidential land divisions.

A. General.

Amend:

- (1) “If a proposed land division includes land that is zoned for commercial or industrial purposes, or will be used for a Municipal purpose, the layout of the land division with respect to such land shall make such provisions as the Town may require.”
- (2) “A nonresidential land division, or Municipal Use lands, shall also be subject to all the requirements of site plan approval set forth in the Town Building Code. A nonresidential land division shall be subject to all the requirements of this chapter

as well as such additional standards required by the Town and shall conform to the proposed land use standards established by any Town Master, Land Use Plan, the Green County Zoning Code, or ETZ Ordinance as applicable.”

B. Standards

Amend:

- (5) “Every effort shall be made to protect adjacent residential areas from potential nuisance from a proposed commercial or industrial land divisions, and land used for municipal purposes, including the provision of extra depth in parcels backing up on existing or potential residential development and provisions for permanently landscaped buffer strips when necessary.”

ARTICLE VIII. Development Density

§110-35. Normal and cluster Density

Insert:

- C.1 “Municipal Use in areas of normal or cluster density does not consume a building site and may occur in open space.”

ARTICLE IX. Variances, Enforcement

§110-39. Private Road Standards

Amend:

- D. “Commercial, Industrial and Municipal Use enterprises along a private road should be counted the same as a residence for the purposes outlined above.”

NOW, THEREFORE, BE IT RESOLVED that the foregoing amendments to the Town of New Glarus Land Division and Subdivision Code were adopted at a regular meeting of the Town Board of New Glarus on April 12, 2023.

Town of New Glarus First Town Park Land Management Plan (LMP)

This document matches & aligns with the Public Access and Acceptable Uses (Form 8700-322) accompanying this application to represent plans for public use of the subject property.

1. Primary goals of the project plan

The Town has no current publicly accessible land for outdoor recreation, and is interested in providing public outdoor spaces for its citizens. The Town will create a passive park for public use in the Town.

The Town recently acquired 97.4772 acres of land in December 2022 to create new recreation opportunities; specifically, having public access to a waterway in the community. The Town will split the land: for Town use, a farmette to be sold off, and a large area (60.36 acres) dedicated for passive park. This new park will act as large space for residents to enjoy, including community gardens, trails, and access to the Legler School Branch of the Little Sugar River. The Town has amended and updated its Comprehensive Outdoor Recreation Plan (CORP) to align with the acquisition of this land and to prioritize the future development of this park.

The intent is this agricultural land will be dedicated as passive park. Most importantly, the Town intends to review the site as future funding allows to consider preservation, conservation and restoration of woodlands, prairie and conservation of trees and native species. The Town will also consider removing/mitigating all invasive species in the park to better protect native species, such as burr oak, that populate the area.

The site is currently a mix of natural areas, including the Legler School Branch of the Little Sugar River and agricultural/farm land. The farmland will be tilled one more season (2023) and then a formal restoration plan will be created after a comprehensive evaluation of the property.

The Town understands that this property is not subject to an existing State Natural Area (SNA) management plan or other DNR approved master plan. That said, the planned park contains the Legler School Branch of the Little Sugar River in its southern extents. In March 2020, the DNR produced the "Legler School Branch and Pioneer Valley Creek Targeted Watershed Assessment: A Plan to Restore Wisconsin Waters, 2020," which was a Targeted Watershed Assessment Monitoring Report created under the state's Water Resources Monitoring, Assessment and Planning Programs. At that time, the watershed was removed from the state's 303(d) list of impaired waters. This project affords the DNR an opportunity to partner with a community on passive parkland that protects in perpetuity a portion of this watershed upstream of the test sites referenced within the report.

Current public access conditions: There is currently no public access to the site. Land is currently owned by the Town. The park is located on State Highway 39 in the Town of New Glarus. At this time, to access the park you would park on the side of State Highway 39 in the Town of New Glarus.

Future public access conditions: There will be a public parking lot off of State Highway 39 in the Town of New Glarus.

The site currently has a snowmobile trail that passes through. This will be maintained. It may have to be moved, but will remain on the site, as the new community garden and non-motorized trails are activated.

Current public uses: Snowmobile trail.

Future public uses: Community gardens, cross country skiing, fishing, hiking, hunting, trapping, nature study/wildlife observation/photography, snowmobile trail and snowshoeing. Biking is being considered for the site. An ADA accessible trail is currently proposed for this site.

The Town, in consultation with the DNR, may look into a permit system for hunting and trapping on the property to protect park visitors while following DNR rules and any applicable regulations.

2. Improvements and structures

- A. Provide a general description of any buildings and other existing physical improvements and structures. These might include trails, parking areas and roadways. These should be marked on the attached site plan. If there are buildings on the property, describe plans for demolition or future use. Note that any improvements purchased in part with Stewardship funds must be used for public benefit and to advance the purposes of the grant program. Is there a tenant? How long after acquisition will the tenant continue to use the property?**

The Town purchased 97.4772 Acres of land. The Town intends to create a park that is 60.36 acres. The 60.36 acres of land is currently natural areas, including the Legler School Branch of the Little Sugar River, and agricultural/farm land.

There are no buildings/structures on the 60.36 acres of land. No future structures are planned.

There is an agriculture/farming tenant. The farming use ends in 2023 after the harvesting season.

B. Describe any proposed improvements and recreational development including trails, parking areas, interpretive displays, boardwalks, bridges, waterway modifications, etc. These should be marked on an attached conceptual future site plan along with public access points and any plans for vehicle parking.

Trails are proposed for the park area. The trail area is going to be approximately 5,460 ft. A trail leg will provide access to the shore of the Legler School Branch of the Little Sugar River.

In the future, the Town is considering and researching opportunities to provide ADA access to the waterway; this has not yet been defined.

Proposed trails are documented on the proposed site plan, First Town Park. (Document is attached, 11 - First Town Park Site Plan.pdf).

There is currently vacated right -of-way (ROW) (not formally vacated) to access the property. This will be reinstated or re-designated ROW.

A community garden is planned for the site. The community garden is portrayed as 2/3 of an acre. Please refer to attached site plan.

The Town intends to include public parking. The Town has not researched the need for full ADA accessible parking and access but will further review the potential. This parking will allow for direct access to the community garden and a trail or path will be designated to access further trails on the site.

An ADA accessible trail is currently proposed for this site. This trail will surround the community garden. The length of this is approximately 800 ft.

3. Current land use. Describe how the land is being used now and by whom.

A. Describe any agricultural uses:

The land is currently being farmed. There has been a rotation of wheat and soybeans on the property. This is the final season for farming on this site.

- **How many acres are currently in agricultural use?** 60.36 acres is rented out for agricultural use.
- **What are the soil types on those acres?** Please see 20B – W 6599 STH 39 soil map.pdf
- **Is the land leased to an agricultural tenant? Will the lease be continued and for how long?** Yes, the lease terminates after the 2023 growing cycle.

- **Will continued agricultural uses be part of ongoing management strategies on the parcel?** No.

B. Describe any timber management plans for the property. If the land is enrolled in DNR's Managed Forest Law, please include a copy of the MFL order. The property is not currently managed or enrolled in any program. In future planning phases, the site will be reviewed by a certified arborist and a management, maintenance, clean-up and restoration plan will be considered.

4. Surrounding landscapes: Is this project contiguous to other protected property or adjacent to residential development, etc? Is it part of a larger project area – either your own preserve or a state or local conservancy area or park?

The Town owns 97.4772 acres of land.

The larger area has been conceptualized by the Town, see attached Concept Plan, 05 - ProjectBoundaryMap-FirstTownPark.pdf.

60.36 acres are designated for passive park.

The surrounding land includes a farmette 10.3 acres on the northern portion of the entire 97.4772 acre site, the future use is intended to be ag-residential or similar use. This is documented on the Concept Plan.

- The Town is currently reviewing the potential for the Town to build a Town building/community building on approximately 22.36 acres. The Town may build community space and other amenities, such as pickle ball courts, on this land.
- The site is surrounded by agriculture.
- The northern boundary of the site is bound by State Highway 39.
- The land to the east, west and south's current and future use is agriculture.
 - o The land to the east and south is potentially planned for some residential development but would remain agriculture-residential.
 - o On the south future access to the park and to the waterway is also being considered by the Town.

5. Ecological issues on the property

A. Describe any problems such as exotic species, erosion, over-grazing, contamination, trespassing issues, etc.

Not aware of any problems issues. Plan to review invasive species as development of the park occurs.

B. Describe any plans to address the problems listed above.

N/A.

6. Land management goals and practices. Describe general land management goals for the property and the practices that will be followed to meet them.

A. Goals:

- **Preservation of the following specific ecological communities and any features or species of special concern:**
 1. Burr Oaks
 2. Watershed and waterway
 3. Additions may come after a comprehensive evaluation of the property.
- **Protection of and/or improvements to the Legler School Branch of the Little Sugar River**
- **Any site enhancement and/or restoration plans.**
 1. Possible woodlands and prairie restoration
 2. Wisconsin native plantings
 3. A formal restoration plan will be created after a comprehensive evaluation of the property.

7. Implementation – please provide a timeline for implementing key management activities.

- **Describe anticipated ongoing maintenance activities**
See attachment: 10 - Estimated Construction-Acquisition Timeline.pdf

Town will maintain property, which will result in increased budget to Parks Commission for park maintenance and activities.

- **Identify the organization/s who will maintain the property and implement this plan.**
 1. Town will maintain the property.
 2. Town is considering relationships with other non-profits for use, maintenance, donations and contributions to the park. These non-profits include Scouts, the School District, and other area partners.
 3. Town partnerships with neighboring communities, such as the Village of New Glarus, and Green County.

8. Maps and data.

A. Attachments:

- **Please attach a map showing this property in context of surrounding landscapes and features, especially if this parcel is part of a of the larger conservation project.**
Attachment: 05 - ProjectBoundaryMap-FirstTownPark.pdf.
(Concept Plan)
- **A site plan map – showing existing developments and structures, boundaries, roads, overhead power lines, etc.**

20A - Town Owned Land Map.pdf

- **A conceptual future site plan, if applicable.**

Attachment: 11 - First Town Park Site Plan.pdf (Proposed Site Plan)

- **Town CORP**

02A - Town of New Glarus 2022-2027 CORP importantpages.pdf

This plan and any future revisions to it become by reference part of the contract accompanying a Stewardship award. Unlike the Grant Contract which is a recorded document, the LMP is expected to change over time as conditions on the property or site plan, if applicable.

**RESOLUTION 23/04/12 to ADOPT A BUY LOCAL POLICY
FOR FIRST TOWN PARK**

The Town Board of the Town of New Glarus, Green County, Wisconsin, do resolve as follows:

WHEREAS, the Town of New Glarus purchased “The Hayes Property” along State Trunk Highway 39 (STH-39) in December of 2022; and

WHEREAS, the Town does not possess a park within the Town; and

WHEREAS, the Town deems it desirable to have parkland within the Town; and

WHEREAS, the Town conducted public outreach at meetings, including soliciting feedback on concepts produced by consultant Vierbicher detailing possible parks extents; and

WHEREAS, the Town will submit a Department of Natural Resources Knowles-Nelson Stewardship Grant application for matching funds towards acquisition of 60.36 acres of passive parkland;

NOW, THEREFORE, BE IT RESOLVED that the Town of New Glarus Board, Green County, Wisconsin hereby resolve to require that materials in the “First Town Park,” such as lumber for park benches or picnic tables, be locally sourced and/or originate from recycled content.

Adopted by the Town of New Glarus Town Board, this 12^h day of April, 2023.

TOWN OF NEW GLARUS

By: _____
Chris Narveson, Town Chair

Attest: _____

Members Town Board
Town of New Glarus
26 Fifth Avenue
New Glarus, WI 53574

Re: Final Plat – Natures Gift
Town of New Glarus

Dear Chair Narveson and Town Board Members:

I am writing to recommend the Town conditionally approve the Natures Gift plat that has been prepared on behalf of Carol Holmes by Talarczyk Land Surveys. The Final Plat and supplementary documents meet the conditions of approval the Town Board required at their meeting on September 14, 2022. The following documents have been reviewed:

- Final Plat of Natures Gift – dated March 16, 2023
- Private Road Easement Maintenance Agreement - received March 28, 2023
- Declaration of Deed Restriction – received March 28, 2023
- Private Drive Engineering Plans – received February 22, 2023
- Environmental Review – Completed February 27, 2023

As part of my review, I queried the Wisconsin Historical Society Archaeological Reports Inventory and did not find any items of historical concern. Therefore, I recommend the Town Board approve the Final Plat as presented with the condition that the applicant record the Declaration of Deed Restriction (for Open Space) and the Private Road Maintenance Agreement and provide a PDF of all recorded documents (including the Plat) to the Town Clerk. It would be advisable that the Town withhold occupancy permits for the development until the recorded documents are provided.

Should you have any questions please feel free to contact me.

Sincerely,

Timothy L. Schleeper, PE

PRIVATE ROAD EASEMENT MAINTENANCE AGREEMENT

THIS AGREEMENT is made and entered into by Carol L. Holmes, Owner of Lots 1, 2, and 3 of the plat of Nature's Gift (hereinafter referred to as "Owners") for the purposes of outlining the rights a responsibilities of Owners regarding the 66' Private Road Easement providing access to their Lot(s).

PRIVATE ROAD PURPOSES

The Private Road as depicted in the plat of Nature's Gift is for non-exclusive ingress and egress for residential and commercial vehicular use. No heavy farm machinery or implements of husbandry shall be allowed access unless by mutual written agreement of the parties. Recreational vehicles may be allowed.

MAINTENANCE

The Owners shall be responsible for maintaining the Private Road Easement pursuant to Wisconsin Statute § 710.20. "Maintaining" shall be defined as routine road repairs and resurfacing to keep the roadway in as nearly as possible to its original condition as when constructed as possible. Road repairs shall include but not be limited to the filling and patching of potholes, grading, backfill. The Owners shall additionally be responsible for removal of snow and ice from the Road. All costs related to maintenance of the Road shall be borne equally between the Owners.

NO OBSTRUCTION

Owners shall not cause or allow the parking of vehicles or placement of objects within the Road that might obstruct the other Owner's use and enjoyment of the Road. Neither party shall cause or do anything that may obstruct or interfere with the other Owner's right to have full vehicular access of the Road.

RESTRICTIONS

All Owners shall adhere to the provisions of the Town of New Glarus Ordinances, Chapter 36, Driveways.

INDEMNITY

Owners shall indemnify, defend and hold the other Lot Owners harmless from and against any and all costs, damages, expenses, liabilities, and losses, including, without limitation, reasonable attorneys' fees incurred by such other Owner, their guests, agents, licensees, customers, invitees, or tenants as a result of that Owner's negligence.

REMEDIES

In the event of legal action to construe or enforce the provisions of this Agreement, the prevailing Owner shall be entitled to collect their reasonable attorney's fees, court costs, and related expenses from the non-prevailing Owner and the court having jurisdiction of the dispute shall be authorized to determine the amount of such fees, costs, and expenses and enter judgment therefore. The venue for any disputes shall be in the Circuit Court for Green County, Wisconsin.

AGREEMENT TO RUN WITH LAND

All the terms of this Private Road Easement Maintenance Agreement shall run with the land and shall be binding upon and inure to the benefit of the Owners and their heirs, legal representatives, successors, and assigns.

Parcel Number(s)

Declarant hereby declares and provides the Property shall be subject to the following Deed Restrictions:

1. The Property shall be maintained as Open Space pursuant to the Land Division and Subdivision Ordinance of the Town of New Glarus, Green County, Wisconsin in the following manner:
 - a. 1.92 acres of Lot 1 of Nature’s Gift Plat lying outside the 2.0-acre cluster envelope.
 - b. 1.68 acres of Lot 2 of Nature’s Gift Plat lying outside the 2.0-acre cluster envelope.
 - c. 1.49 acres of Lot 3 of Nature’s Gift Plat lying outside the 2.0-acre cluster envelope.
 - d. 2.5 acres of Lot 4 of Nature’s Gift Plat lying outside the 2.0-acre cluster envelope.
 - e. 2.39 acres of Lot 5 of Nature’s Gift Plat lying outside the 2.0-acre cluster envelope.
 - f. 2.49 acres of Lot 6 of Nature’s Gift Plat lying outside the 2.0-acre cluster envelope.
 - g. 54.77 acres of Lot 7 of Nature’s Gift Plat.

2. Futher subdivision of this property by CSM or Plat shall require declaration of all remaining building sites, open space, and lands to be dedicated for public purposes.

- 3. This restriction is for the benefit of and is enforceable by the Town of New Glarus, Green County, Wisconsin. These restrictions may only be amended or repealed with written consent of the Town Board of the Town of New Glarus.
- 4. This restriction shall run with the land and be binding on the Declarant, his heirs, successors, agents and assigns.

Dated this _____ day of _____, 2023.

- GENERAL NOTES:**
1. THERE ARE NO WETLANDS AT THE LOCATION OF THIS DRIVEWAY PER THE WDNR'S WETLAND INVENTORY.
 2. THERE IS NO REGULATORY FLOODPLAIN ON THIS PROPERTY.

- EROSION CONTROL NOTES:**
1. ALL WORK SHALL BE IN ACCORDANCE WITH THE STANDARD SPECIFICATIONS FOR HIGHWAY AND STRUCTURE CONSTRUCTION, STATE OF WISCONSIN, LATEST EDITION, UNLESS OTHERWISE CALLED FOR ON THE PLANS, SPECIFICATIONS OR SPECIAL PROVISIONS.
 2. ALL EROSION CONTROL MEASURES SPECIFIED ON THIS PLAN SHALL MEET THE DESIGN CRITERIA, STANDARDS AND SPECIFICATIONS AS SET FORTH IN THE DEPARTMENT OF NATURAL RESOURCES WISCONSIN BEST MANAGEMENT PRACTICE HANDBOOK AND TECHNICAL STANDARDS.
 3. ALL EROSION CONTROL DEVICES (I.E., SILT FENCE, GRAVEL ENTRANCE, SILTATION BASIN, ETC.), SHALL BE INSTALLED PRIOR TO COMMENCING ANY GRADING OR UTILITY CONSTRUCTION.
 4. ALL ACTIVITIES ON THE SITE SHALL BE CONDUCTED IN A LOGICAL SEQUENCE TO MINIMIZE THE AREA OF BARE SOIL EXPOSED AT ANY ONE TIME. REFER TO THE CONSTRUCTION SEQUENCING PLAN FOR ADDITIONAL INFORMATION.
 5. PUBLIC ROADS SHALL NOT BE CLOSED TO TRAFFIC AT ANY TIME. ALL INGRESS AND EGRESS TRAFFIC TO THE PROJECT SHALL BE LIMITED TO THE GRAVEL ENTRANCE TO THE PROPERTY.

6. CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING THE CLEANLINESS OF THE PROJECT AND PUBLIC ROADWAYS DURING CONSTRUCTION PER THE REQUIREMENTS SET FORTH BY THE LOCAL AND COUNTY AGENCIES. STREETS SHALL BE KEPT FREE OF SILT OR DIRT TRACKED FROM AREAS UNDER CONSTRUCTION BY SWEEPING OR OTHER APPROPRIATE MEASURES.
7. UPON COMPLETION OF THE WORK AS SPECIFIED, RESPREAD FOUR (4") INCHES OF SALVAGED TOPSOIL OVER ALL DISTURBED AREAS AND PROVIDE SEED, FERTILIZER AND MULCH PER THE STANDARD SPECIFICATIONS.
 - a. SEED MIX SHOULD INCLUDE A MIXTURE OF ANNUAL RYEGRASS (LOLIUM MULTIFLORUM) APPLIED AT A RATE OF 15 LBS/ACRE AND RED TOP (AGROTIS ALBA) APPLIED AT A RATE OF 4 LBS/ACRE.
8. ALL EROSION CONTROL DEVICES SHALL BE ROUTINELY INSPECTED EVERY SEVEN DAYS AND WITHIN 24 HOURS OF A RAINFALL GREATER THAN 0.5 INCHES. CONTRACTOR IS REQUIRED TO PERFORM INSPECTIONS, KEEP A LOG, AND REPAIR BMP'S AS NEEDED.

9. STONE TRACKING PAD SHALL BE INSTALLED PRIOR TO ANY SITE EXCAVATION ACTIVITIES AND SHALL BE A MINIMUM OF 50 FEET IN LENGTH.
 - a. AGGREGATE FOR THE TRACKING PAD SHALL BE 3 TO 6 INCH CLEAR OR WASHED STONE AND AT LEAST 12 INCHES THICK.
 - b. TRACKING PAD SHALL BE REMOVED ONLY AFTER EXCAVATION ACTIVITIES ARE COMPLETE.
10. SILT FENCE SHALL BE INSTALLED PER WDNR TECHNICAL PRACTICE STANDARD 1056 AS INDICATED ON THE PLAN AND PRIOR TO COMMENCEMENT OF EXCAVATION ACTIVITIES.
 - a. INSTALLED FENCE SHALL BE A MINIMUM OF 14 INCHES HIGH AND SHALL NOT EXCEED 28 INCHES IN HEIGHT MEASURED FROM THE INSTALLED GROUND ELEVATION.
 - b. SILT FENCE SHALL BE REMOVED ONCE THE DISTURBED AREA IS PERMANENTLY STABILIZED AND NO LONGER SUSCEPTIBLE TO EROSION.
11. DITCH CHECKS SHALL BE INSTALLED PER WDNR TECHNICAL STANDARD 1062 AS INDICATED ON THE PLAN AND UNTIL PERMANENT STABILIZATION PRACTICES CAN BE APPLIED.
12. EROSION MATTING SHALL BE INSTALLED PER WDNR TECHNICAL STANDARD 1052 AS INDICATED ON THE PLAN.

SUBJECT: Endangered Resources Review (ERR Log # 23-115)
Proposed Holmes Development, Green County, WI (T04N R07E S24, T04N R08E S19)

Dear Robert A Talarczyk,

The Bureau of Natural Heritage Conservation has reviewed the proposed project described in the Endangered Resources (ER) Review Request received February 22, 2023. The complete ER Review for this proposed project is attached and follow-up actions are summarized below:

Required Actions: 0 species

Recommended Actions: 3 species

No Follow-Up Actions: 2 species

Additional Recommendations Specified: Yes

This ER Review may contain Natural Heritage Inventory data (<http://dnr.wi.gov/topic/NHI>), including specific locations of endangered resources, which are considered sensitive and are not subject to Wisconsin's Open Records Law. Information contained in this ER Review may be shared with individuals who need this information in order to carry out specific roles in the planning, permitting, and implementation of the proposed project. **Specific locations of endangered resources may not be released or reproduced in any publicly disseminated documents.**

The attached ER Review is for informational purposes and only addresses endangered resources issues. **This ER Review does not constitute DNR authorization of the proposed project and does not exempt the project from securing necessary permits and approvals from the DNR and/or other permitting authorities.** Please contact the ER Review Program whenever the project plans change, new details become available, or more than a year has passed to confirm if results of this ER Review are still valid.

Please contact me at 608-264-8968 or via email at anna.rossler@wi.gov if you have any questions about this ER Review.

Sincerely,

Anna Rossler
Endangered Resources Review Program

**Endangered Resources Review for the Proposed Holmes Development, Green County
(ER Log # 23-115)**

Section A. Location and brief description of the proposed project

Based on information provided by the ER Review Request form and attached materials, the proposed project consists of the following:

Location	Green County - T04N R07E S24, T04N R08E S19
Project Description	This plat is being prepared for estate planning purposes. Carol Holmes is in her 80s, lives in the farmhouse on Lot 4 and wishes to plan out her development rights for her estate. There is no plan to develop any part of this plat at this time other than Lot 5 on which Carol wishes to build a new home and live with one of her two daughters. Lots 1-6 can be built on and Lot 7 has to remain in cultivation and greenspace.
Project Timing	3/1/23-10/1/23
Current Habitat	Approximately 65% in active agriculture- currently corn and alfalfa and 35% in woodland.
Impacts to Wetlands or Waterbodies	There is a small wetland area near the SW corner of Lot 7 at the culvert that delivers water under Airport Road. This area will remain undisturbed. Ward Creek is not on the property but is near the NE corner of Lot 7.
Property Type	Private
Federal Nexus	No

It is best to request ER Reviews early in the project planning process. However, some important project details may not be known at that time. Details related to project location, design, and timing of disturbance are important for determining both the endangered resources that may be impacted by the project and any necessary follow-up actions. Please contact the ER Review Program whenever the project plans change, new details become available, or more than a year has passed to confirm if results of this ER Review are still valid.

Section B. Endangered resources recorded from within the project area and surrounding area

	Group	State Status	Federal Status
Rusty Patched Bumble Bee Federal High Potential Zone	Bee	NA	HPZ
Pickereel Frog (<i>Lithobates palustris</i>)	Frog~	SC/H	
Prairie Parsley (<i>Polytaenia nuttallii</i>)	Plant	THR	
Glade Mallow (<i>Napaea dioica</i>)	Plant~	SC	
Whip Nutrush (<i>Scleria triglomerata</i>)	Plant~	SC	

For additional information on the rare species, high-quality natural communities, and other endangered resources listed above, please visit our Biodiversity (<http://dnr.wi.gov/topic/EndangeredResources/biodiversity.html>) page. For further definitions of state and federal statuses (END=Endangered, THR=Threatened, SC=Special Concern), please refer to the Natural Heritage Inventory (NHI) Working List (<http://dnr.wi.gov/topic/nhi/wlist.html>).

Section C. Follow-up actions

Actions that need to be taken to comply with state and/or federal endangered species laws: None

Actions recommended to help conserve Wisconsin's Endangered Resources:

• Rusty Patched Bumble Bee Federal High Potential Zone - Bee

State Status: NAFederal Status: HPZ

Impact Type	Impact possible
Recommended Measures	Other
Description of Recommended Measures	<p>This project occurs within the Rusty Patched Bumble Bee Federal High Potential Zone. While active agriculture is not considered suitable habitat, habitat may be present in the wooded and unmaintained areas. Take of the bee is prohibited per the federal Endangered Species Act. However, because this project has no federal nexus, follow-up actions are recommended and not required.</p> <p>Recommended follow-up actions for the Rusty patched bumble bee include following the conservation measures outlined in the USFWS Conservation Management Guidelines for the Rusty Patched Bumble Bee (<i>Bombus affinis</i>) document. (https://www.fws.gov/midwest/endangered/insects/rpbb/pdf/ConservationGuidanceRPBBv1_27Feb2018.pdf).):</p> <p>For tree clearing/thinning conservation measures include but are not limited to:</p> <ul style="list-style-type: none"> • Implement best management practices (BMPs), especially those that serve to minimize the spread of invasive species and to avoid or minimize soil compaction. Visit (https://www.stateforesters.org/newsroom/state-forestry-bmps/) for up to date information about BMP recommendations by state. • Avoid or minimize soil disturbance and heavy equipment operation during overwintering (mid October- mid March) • Avoid or minimize forest management that may destroy spring blooming flowers during their bloom periods. • Consider thinning or single tree selection and dense invasive shrub removal that may improve overwintering and spring foraging habitat. <p>For all other activities conservation measures include but are not limited to:</p> <ul style="list-style-type: none"> • use native trees, shrubs and flowering plants in landscaping, • provide plants that bloom from spring through fall (refer to the USFWS RPBB Midwest Plant Guide), • remove and control invasive plants in any habitat used for foraging, nesting, or overwintering • Avoid impacts to existing suitable habitat

• Glade Mallow (*Napaea dioica*) - Plant~

State Status: SC

Impact Type	Impact possible
Recommended Measures	Surveys
Description of Recommended Measures	<p>Suitable habitat for the Glade Mallow may be present in portions of the project site. Although not required because Special Concern species are not legally protected, we recommend that you avoid or minimize take of the Glade Mallow. Avoidance and minimization efforts may include site surveys to confirm presence/absence of species and fencing off areas of occupied habitat. Survey results should be submitted to the Endangered Resources Review Program.</p> <p>Glade Mallow (<i>Napaea dioica</i>), a Wisconsin Special Concern plant, is found in alluvial meadows, ditches, and forest margins near large rivers. Blooming occurs early June through early August; fruiting occurs early August through late September. The optimal identification period for this species is early July through late August.</p>

• Whip Nutrush (*Scleria triglomerata*) - Plant~

State Status: SC

Impact Type	Impact possible
Recommended Measures	Surveys
Description of Recommended Measures	<p>Suitable habitat for the Whip Nutrush may be present in portions of the project site. Although not required because Special Concern species are not legally protected, we recommend that you avoid or minimize take of the Whip Nutrush. Avoidance and minimization efforts may include site surveys to confirm presence/absence of species and fencing off areas of occupied habitat. Survey results should be submitted to the Endangered Resources Review Program.</p> <p>Whip Nutrush (<i>Scleria triglomerata</i>), a Wisconsin Special Concern plant, is found on the sunny margins between jack pine/Hill's oak barrens and wet, acid ditches. Blooming occurs late June through late July; fruiting occurs early July through late August. The optimal identification period for this species is early July through late August.</p>

Remember that although these actions are not required by state or federal endangered species laws, they may be required by other laws, permits, granting programs, or policies of this or another agency. Examples include the federal Migratory Bird Treaty Act, Bald and Golden Eagle Protection Act, State Natural Areas law, DNR Chapter 30 Wetland and Waterway permits, DNR Stormwater permits, and Forest Certification.

Additional Recommendations

Please note that plastic or polypropylene netting associated with erosion matting (also known as an erosion control blankets or erosion mesh netting) without independent movement of strands can easily entrap snakes and other wildlife moving through the area, and cause dehydration, desiccation, and eventually mortality. Biodegradable jute/twine netting with the “leno” or “gauze” weave (contains strands that are able to move independently) has the least impact on snakes.

If erosion matting will be used for this project, use the following matting (or something similar): American Excelsior “FibreNet” or “NetFree” products; East Coast Erosion biodegradable jute products; Erosion Tech biodegradable jute products; ErosionControlBlanket.com biodegradable leno weave products; North American Green S75BN, S150BN, SC150BN or C125BN; or Western Excelsior “All Natural” products.

No actions are required or recommended for the following endangered resources:

• **Pickerel Frog (*Lithobates palustris*) - Frog~**

State Status: SC/H

Impact Type	No impact or no/low broad ITP/A
Reason	Lack of Suitable Habitat within Project Boundary
Justification	It is unlikely that suitable habitat is present at the project site. No impacts are anticipated. Pickerel Frog (<i>Lithobates palustris</i>), a species of Special Concern in Wisconsin, has a rather complex habitat range as it prefers to overwinter in cold water streams, seepage pools or spring holes, often taking advantage of water cress for cover. It moves to warmer water ponds to breed and lay eggs from April through mid-June. Adults spend most of the active season foraging on land in riparian habitats along streams and rivers.

• **Prairie Parsley (*Polytaenia nuttallii*) - Plant**

State Status: THR

Impact Type	No impact or no/low broad ITP/A
Reason	Lack of Suitable Habitat within Project Boundary
Justification	The project site is wooded and agricultural land. It is unlikely that suitable habitat is present at the project site. No impacts are anticipated. Prairie Parsley (<i>Polytaenia nuttallii</i>), a Wisconsin Threatened plant, is found in prairies and persisting in open areas that were once savannas.

Section D. Next Steps

1. Evaluate whether the '**Location and brief description of the proposed project**' is still accurate. All recommendations in this ER Review are based on the information supplied in the ER Review Request. If the proposed project has changed or more than a year has passed and you would like your letter renewed, please contact the ER Review Program to determine if the information in this ER Review is still valid.
2. Determine whether the project can incorporate and implement the '**Follow-up actions**' identified above:
 - o 'Actions that need to be taken to comply with state and/or federal endangered species laws' represent the Department's best available guidance for complying with state and federal endangered species laws based on the project information that you provided and the endangered resources information and data available to us. If the proposed project has not changed from the description that you provided us and you are able to implement all of the 'Actions that need to be taken to comply with state and/or federal endangered species laws', your project should comply with state and federal endangered species laws. Please remember that if a violation occurs, the person responsible for the taking is the liable party. Generally this is the landowner or project proponent. For questions or concerns about individual responsibilities related to Wisconsin's Endangered Species Law, please contact the ER Review Program.
 - o If the project is unable to incorporate and implement one or more of the 'Actions that need to be taken to comply with state and/or federal endangered species laws' identified above, the project may potentially violate one or more of these laws. Please contact the ER Review Program immediately to assist in identifying potential options that may allow the project to proceed in compliance with state and federal endangered species laws.
 - o 'Actions recommended to help conserve Wisconsin's Endangered Resources' may be required by another law, a policy of this or another Department, agency or program; or as part of another permitting, approval or granting process. Please make sure to carefully read all permits and approvals for the project to determine whether these or other measures may be required. Even if these actions are not required by another program or entity for the proposed project to proceed, the Department strongly encourages the implementation of these conservation measures on a voluntary basis to help prevent future listings and protect Wisconsin's biodiversity for future generations.

3. If federally-protected species or habitats are involved and the project involves federal funds, technical assistance or authorization (e.g., permit) and there are likely to be any impacts (positive or negative) to them, consultation with USFWS will need to occur prior to the project being able to proceed. If no federal funding, assistance or authorization is involved with the project and there are likely to be adverse impacts to the species, contact the USFWS Twin Cities Ecological Services Field Office at 612-725-3548 (x2201) for further information and guidance.

Section E. Standard Information to help you better understand this ER Review

Endangered Resources (ER) Reviews are conducted according to the protocols in the guidance document Conducting Proposed Endangered Resources Reviews: A Step-by-Step Guide for Wisconsin DNR Staff.

How endangered resources searches are conducted for the proposed project area: An endangered resources search is performed as part of all ER Reviews. A search consists of querying the Wisconsin Natural Heritage Inventory (NHI) database for endangered resources records for the proposed project area. The project area evaluated consists of both the specific project site and a buffer area surrounding the site. A 1 mile buffer is considered for terrestrial and wetland species, and a 2 mile buffer for aquatic species. Endangered resources records from the buffer area are considered because most lands and waters in the state, especially private lands, have not been surveyed. Considering records from the entire project area (also sometimes referred to as the search area) provides the best picture of species and communities that may be present on your specific site if suitable habitat for those species or communities is present.

Categories of endangered resources considered in ER Reviews and protections for each: Endangered resources records from the NHI database fall into one of the following categories:

- Federally-protected species include those federally listed as Endangered or Threatened and Designated Critical Habitats. Federally-protected animals are protected on all lands; federally-protected plants are protected only on federal lands and in the course of projects that include federal funding (see Federal Endangered Species Act of 1973 as amended).
- Animals (vertebrate and invertebrate) listed as Endangered or Threatened in Wisconsin are protected by Wisconsin's Endangered Species Law on all lands and waters of the state (s. 29.604, Wis. Stats.).
- Plants listed as Endangered or Threatened in Wisconsin are protected by Wisconsin's Endangered Species Law on public lands and on land that the person does not own or lease, except in the course of forestry, agriculture, utility, or bulk sampling actions (s. 29.604, Wis. Stats.).
- Special Concern species, high-quality examples of natural communities (sometimes called High Conservation Value areas), and natural features (e.g., caves and animal aggregation sites) are also included in the NHI database. These endangered resources are not legally protected by state or federal endangered species laws. However, other laws, policies (e.g., related to Forest Certification), or granting/permitting processes may require or strongly encourage protection of these resources. The main purpose of the Special Concern classification is to focus attention on species about which some problem of abundance or distribution is suspected before they become endangered or threatened.
- State Natural Areas (SNAs) are also included in the NHI database. SNAs protect outstanding examples of Wisconsin's native landscape of natural communities, significant geological formations, and archeological sites. Endangered species are often found within SNAs. SNAs are protected by law from any use that is inconsistent with or injurious to their natural values (s. 23.28, Wis. Stats.).

Please remember the following:

1. This ER Review is provided as information to comply with state and federal endangered species laws. By following the protocols and methodologies described above, the best information currently available about endangered resources that may be present in the proposed project area has been provided. However, the NHI database is not all inclusive; systematic surveys of most public lands have not been conducted, and the majority of private lands have not been surveyed. As a result, NHI data for the project area may be incomplete. Occurrences of endangered resources are only in the NHI database if the site has been previously surveyed for that species or group during the appropriate season, and an observation was reported to and entered into the NHI database. As such, absence of a record in the NHI database for a specific area should not be used to infer that no endangered resources are present in that area. Similarly, the presence of one species does not imply that surveys have been conducted for other species. Evaluations of the possible presence of rare species on the project site should always be based on whether suitable habitat exists on site for that species.
2. This ER Review provides an assessment of endangered resources that may be impacted by the project and measures that can be taken to avoid negatively impacting those resources based on the information that has been provided to ER Review Program at this time. Incomplete information, changes in the project, or subsequent survey results may affect our assessment and indicate the need for additional or different measures to avoid impacts to endangered resources.
3. This ER Review does not exempt the project from actions that may be required by Department permits or approvals for the project. Information contained in this ER Review may be shared with individuals who need this information in order to carry out specific roles in the planning, permitting, and implementation of the proposed project.

Town of New Glarus
26 5th Avenue
New Glarus, WI 53574

Re: Agreement Amendment No. 2
Hayes Property (Pertzborn-Kratz Farm) Services

Dear Chris:

We propose to amend our current Agreement, dated December 6, 2022, for engineering consulting services for the Hayes Property to include the additional services requested. The following services shall be provided:

I. SCOPE OF ADDITIONAL SERVICES:

- A. Certified Survey Map of Farmette:** Consultant shall prepare a CSM for the Client. We anticipate creation of a 4 lot CSM (two lots and two outlots) as depicted in Exhibit A. The CSM shall conform to the requirements of Chapter 236.34 of the Wisconsin Statutes and the Town of New Glarus Ordinances. This work shall include:
1. Conducting survey record research to include locating surveys that may have been previously completed in the vicinity of the proposed CSM to aid in the preparation of the current CSM;
 2. Recovering and locating required public land corners to include obtaining survey coordinates of existing section corner and quarter corner monumentation;
 3. Recovering existing parcel corners to include obtaining survey coordinates on existing parcel monumentation adjacent to the CSM;
 4. Setting new lot corners to represent the location boundary of the lots created by the CSM;
 5. Field surveying the location of the existing buildings, structures, drives, and parking areas located on the subject parcel;
 6. Incorporating easements and other encumbrances as referenced in the title work provided by the Client shall be depicted to the extent feasible;
 7. Preparing required submittal materials for the Town of New Glarus; preparing the final CSM for recording (surveyor's, mortgagee, local approval authority, and owner's certificates, approval, and recording certificates must be created);
 8. Circulating the final CSM for the execution of necessary certificates;
 9. Submitting the final, signed, and executed CSM to the County Register of Deeds for recording;

- B. Boundary Staking for Knowles-Nelson Stewardship Lands:** Consultant shall install temporary markers (wood lathe with flagging) to delineate the proposed boundary of lands the Town intends to enroll in the Knowles-Nelson Stewardship Program. This will include marking existing and future corners and placing lathe on the boundary lines at interval points needed to visually establish the intended boundary lines (approximately 30 staked points in total).

II. INFORMATION PROVIDED BY OTHERS

None.

III. SCHEDULE:

The schedule to complete the activities noted above are as follows:

Activity	Date
1. Boundary Staking for Stewardship lands	March 15- March 22, 2023
2. Draft CSM to Town Plan Commission	April 6, 2023
3. Notice of Public Hearing for May Town Board Meeting.....	April 8, 2023
4. Public Hearing for CSM.....	May 10, 2023
5. CSM to Town Board for Approval.....	May 31, 2023

IV. FEES

The Fixed Fees to provide the scope of services described herein is as follows:

1. Certified Survey Map	\$6,600
2. Boundary Staking for Stewardship Lands	<u>\$1,200</u>
Total.....	<u>\$7,800</u>

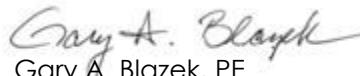

V. FEE STATUS:

A. Original Agreement	\$10,400
B. Agreement Amendment No. 1	\$4,900
C. <u>Agreement Amendment No. 2</u>	<u>\$7,800</u>
Current Total Agreement Amount:	\$23,100

All other terms and conditions of the original Agreement remain in effect. If the Agreement amendment is acceptable, please sign below and return one executed copy to our Madison office.

Sincerely,

Re: Draft CSM Concept - Hayes Property (Pertzborn-Kratz Farm)

Chair Narveson and Members of the Town Board:

I am writing to convey the draft CSM layout for the Hayes Property and ask that it be included for discussion on the Town Board Agenda on April 12, 2023. We intend to submit the CSM for review and consideration at the April 20, 2023, Plan Commission meeting.

The attached Draft CSM includes only the first page of the CSM. We anticipate 5-6 pages will be necessary to accurately depict the location of buildings, driveways, wells, and septic fields on the property. However, the overall areas of the lots created and their layout with respect to STH 39 and each other will be substantially similar to what is shown on Page 1.

The proposed lot lines shown on the concept CSM have been staked in the field with ribbon and lathe. We would ask the Board to review the overall layout and confirm that the acreages proposed align with their intended plan of development. Should you have any questions please feel free to contact me.

Sincerely,

Timothy L. Schleeper, PE
Project Leader

Subject: Plan Commission terms and appointments of members
Attachments: Fact-Sheet-16_-Town-Plan-Commission-Hannah.pdf

Chris,

I reviewed our Town Code of Ordinances this morning in regard to whether we have local standards that define who shall serve as Chair of the Town Plan Commission.

Section 110-5 **Definitions** is the only chapter of our Code that speaks to this topic:

PLAN COMMISSION

The Town of New Glarus Plan Commission as appointed by the Supervisors of the Town of New Glarus. The Plan Commission shall consist of seven members. Initially three members shall be appointed to three-year terms, two to two-year terms and two to one-year terms. Thereafter the members shall be appointed to three-year terms. The Plan Commission shall review subdivisions as outlined in this chapter and make recommendations to the Town Board. (See "Technical Review Committee.")

Similar to the Parks Commission, the original intent was for the seven members to serve staggered terms of a 3-year duration (Parks Commissioners serve 7-year, staggered terms). There is no mention of the need to have Town Board representation on this body or a tradition for the Town Chair to serve as the Plan Commission Chair.

Currently, the Chair's term was defined as 2-years and the other members all renew at the same time for a 3-year term. Again, no more than 3 members can have their terms expire in a given year, so we are not complying with our own adopted standard.

UW Extension offers some advice in the attached document. I have copied some of the more important points below:

How is a Town Plan Commission Created & Set Up?

Creation by ordinance

A plan commission is created by an ordinance of the town board Secs. 62.23(1) & 60.62(4). The ordinance may create a 7-member commission or, if the town is under 2,500 population, a 5-member commission.

Appointment; membership

The town board chairperson appoints the members of the commission and chooses the presiding officer (commonly called the chair or chairperson) of the 7- member commission. The town board chairperson may appoint himself or herself and may appoint town elected and appointed officials to the commission. However, there must be at least 3 citizen members who are not town officials on the 7- member commission. (Care should be taken not to appoint town staff who might have conflicts of interest arising from the exercise of their town duties.) Citizen members are supposed to be people of "recognized experience and qualifications." (If the town plan commission under the town's ordinance will play a role in administering the law, care should be taken to avoid appointing citizens who will have more than occasional conflicts of interest.) The statute provides that the

governing body may by ordinance provide for the composition of the plan commission. The law formerly listed various members of the plan commission, but then allowed governing bodies by ordinance to provide for the composition of the commission. This latter authority was maintained in the law, even though the listing of members was deleted. Under the new law, a town ordinance could specify the membership of the commission, but should meet the minimum requirement concerning citizen members.

Towns under 2,500 population

Towns under 2,500 may by ordinance establish a 5-member plan commission. Sec. 60.62(4)5 . As with the 7-member commission, the town board chairperson selects the members and the presiding officer or chair. There must be at least one citizen member who is not a town official. The powers and duties applicable to the 7-member commission are also applicable to a 5- member commission. A town under 2,500 may, by ordinance, change from a 5- to a 7-member commission and vice versa.

Terms

Plan commissioners are appointed for 3-year terms. When the law was recently amended, reference to the staggering of terms of office was deleted. Nevertheless, it seems reasonable for the ordinance to provide for the staggering of the terms of the initial members, so that there is not a complete turnover at the end of the 3-year term. Town board members of the commission may be appointed to serve for shorter terms, such as during their term of office on the town board. Sec. 66.0501(2)

If the Board determines that you may appoint yourself Chair of the Plan Commission, it should be for a 2-year term consistent with the term of office for the Town Board Chair (odd years). Likewise, Robert Elkins is an elected official, so his term should be changed from a 3-year appointment to a 2-year one to correlate with the term of office for the 4th Supervisor (even years).

I hope this information is helpful for the Board and Plan Commission moving forward.

Subject: Re: FW: Bailey's Run - Remember Me Red Run
Attachments: RaceMap.jpg

Hello John,
For the Board's Consideration:

Bailey's Run Vineyard will be holding their 5th Annual Remember Me Red Run to Benefit the Alzheimer's and Dementia Alliance of Wisconsin, on Saturday, May 13th, with the race starting at 10:00am and ending around 11:00am. The race will follow the same course as in previous years (see attached map).

Per the board's recommendations in previous years, each resident along the race course will receive a letter from Bailey's Run notifying them of the race date and time. These letters will be mailed to residents the week of April 24th.

I have copied Gina from Mosher Insurance to request a certificate of insurance.

If there are any questions or concerns from the board, please do not hesitate to reach out.

Cheers!
Janet Kuehl - Owner
Bailey's Run Vineyard and Winery
New Glarus, WI

Janet,

Here are past contacts. I think in the past you have shared a Certificate of Insurance, a route map, and the times/dates for the event with an assurance that volunteers will be along the route to watch for traffic.

Our Board meets this Wednesday and consideration of this item is on the agenda.

Thanks,
John

PARKS COMMISSION MEETING

Wednesday, March 15, 2023

Minutes

Attending: Chair Harry Pulliam, Kelly Ruschman, Dana Emmerton, Mona Sue French, Chris Narveson, and Jason Neton (joined virtually at 6:04 PM)

Absent: Mark Pernitz (excused)

Also Attending: John Wright (departed at 6:06 PM): Clerk Treasurer; Shanaz Shahidain (virtually): Village of New Glarus resident; and Matthew Miller and Melissa Hunt: Vierbicher (virtually).

1. **Call to Order:** Meeting was called to order by Chair Pulliam at 6:00 PM.
2. **Proof of Posting:** Clerk-Treasurer Wright attested to proper proof of posting.
3. **Approve February 15, 2023 Meeting Minutes** – Motion to amend the minutes to include recommendations from Grace McLaughlin, was made by Commissioner Narveson; second by Commissioner French. Motion carried 6-0. Motion to approve the minutes as amended was made by Commissioner French; second by Commissioner Neton. Motion carried 6-0.
4. **Public Comments:** Shahnaz Shahidain expressed her ongoing support of a community garden and orchard. Without objection, a discussion topic will be added to the April agenda. Chair Pulliam will be unable to attend the River Tripping Workshop on April 15, 2023. The annual tree sale pick up and e-cycle event will be held on April 22, 2023.
5. **Updates**
 - a. Donation of Prairie Burn Equipment to The Prairie Enthusiasts, Prairie Bluff Chapter – the equipment purchased by the Parks Commission in 2010 was delivered to the Prairie Bluff Chapter as a donation. Representatives were thankful.
 - b. February 25, 2023 Prairie Education and Management Workshop
6. **Authorize Additional Funds for Recent Parks Mailer** – Motion to approve up to \$610 for the Parks Commission share of the workshop mailer printing and postage costs was made by Commissioner French; second by Commissioner Emmerton. Motion carried 6-0.
7. **Update Regarding Proposed Codification of the Parks Commission by Ordinance** – Commissioner Narveson reported that the public hearing and consideration for approval by the Board will be deferred.
8. **Knowles-Nelson Stewardship Grant Application Progress**
 - a. Approval of 2022-2025 Comprehensive Outdoor Recreation Plan (CORP) amendments – Matt Miller reported that the amended CORP has been approved by the Wisconsin Department of Natural Resources. An updated Letter of Eligibility has been issued by the WI DNR.
 - b. Request Letters of Support from Town Residents, Members of Ad Hoc Committee, Town Board, State Rep. Mike Bare and State Sen. Dianne Hesselbein – Senator Hesselbein’s office responded to the March 7, 2023 request on March 13th; Bare and Hesselbein will issue a joint letter of support.
 - c. Update to Concept Map, version 6 – the packet included the most recent update which will be the basis for the land restricted to passive recreational use and the land to be included in the sale of the farmette. There followed a brief discussion

of the timing of the grant application. The farmette and passive recreational land will be staked this coming Tuesday and preparations made for a Certified Survey Map. The group reviewed the remaining items to address on a checklist that include a Land Management Plan. The plan is to approve the plan and submit to the Wisconsin Department of Natural Resources in advance of the May 1, 2023 deadline.

Motion to authorize Chair Pulliam and Commissioner Narveson to work with Vierbicher to develop a Land Management Plan for the W6599 CTH 39 property and to authorize a special Parks Commission meeting prior to the April 12, 2023 Town Board meeting was made by Commissioner French; second by Commissioner Emmerton. Motion carried 6-0.

9. **Provide Update on Xerces Society Free Pollinator Habitat Kit Application and Offer of Pollinator Workshop by Micah Kloppenburg of the Xerces Society** – There was a discussion about this topic and, without objection, the need to add this to the 2024 workshop schedule. There followed a brief discussion regarding gathering prairie seeds.
10. **Reminder About Holiday Party at the French Residence, 7 PM, Saturday, April 1, 2023**
11. **Schedule Next Meeting** – The next special meeting will be held on Wednesday, April 5, 2023 at 6:00 PM and a regular meeting will be held on April 19, 2023 at 4:30 PM.
12. **Adjourn:** Motion to adjourn by Commissioner French; second by Commissioner Emmerton at 7:27 PM. Motion carried.

Addendum 1: 2023 Amendment

Candy Cane Park & “Kittleson Hill” Project:

In 2023, Only in Wisconsin Giving Inc. purchased 2.16 acres of land located upslope from the existing Candy Cane Park, for \$150,000. This land, historically known as “Kittleson Hill,” has provided many generations of New Glarus residents with countless hours of enjoyment for summer activities such as kite flying, winter activities such as sledding or skiing, and other family/group activities. It is intended that Only in Wisconsin Giving Inc. holds this land until the Village purchases it. The nonprofit group New Glarus Cares is currently raising money, which will be donated to the Village to aid in their acquisition of this important parkland. The Village wishes to bolster this fundraising effort by applying for the DNR’s Knowles-Nelson Stewardship grant, which provides funding for the acquisition of parkland. This grant would aid the Village in purchasing the parkland from Only in Wisconsin Giving Inc. and ensure that this community treasure remains available for future generations’ enjoyment.

There are numerous reasons for the Village to pursue grant funding as part of purchasing Kittleson Hill from Only In Wisconsin Giving Inc. The Focus Group comments in Appendix 4 (page 45) and reflected in the “Needs and Opportunities” section on page 18 point out that “while parks are heavily used in the summer, they lack winter amenities and programming.” Purchasing Kittleson Hill allows for the physical expansion of Candy Cane Park, opening the door to greater or more varied winter recreation activities occurring on Village-owned parkland.

Similarly, acquiring Kittleson Hill would realize Objective Two and Objective Three on page 24 as well as Opportunities for Partnership & Collaboration (page 32):

Objective Two:

Preserve and protect natural areas and conserve natural resources for the benefit of the local community and society as a whole.

Objective Three:

Coordinate future improvements to park and recreational facilities with other government entities including the Town of New Glarus, Green County, WisDNR, and the New Glarus School District to identify opportunities for joint use facilities.

The Town of New Glarus acquired land accessible from STH 39 at the end of calendar year 2022. This land is intended to contain passive parkland and has access to the Legler School Branch of the Little Sugar River. A relationship between the Town and Village already

exists for park and recreational facilities. The Town's new land with future passive parkland and the Village acquiring Kittleson Hill would afford an opportunity to deepen this relationship. The New Glarus Parks Map on page 10 notes that some western Village areas between STH 39 and Durst Road exceed a half-mile distance to parkland. Unless new facilities are built, an expanded Candy Cane Park or the Town's passive parkland would be the closest parkland facilities to these lands. This western Village land can access the trail that runs along Durst Road to within half a mile of the Town's land (page 30).

Ultimately, the Village of New Glarus acquiring Kittleson Hill as an extension of Candy Cane Park would fulfill several objectives within this CORP, act on community desires raised within this plan, and afford the Village an opportunity to work more closely with the Wisconsin Department of Natural Resources and Town of New Glarus to experience greater parkland. On the following two (2) pages, please view the "Future Park Area Map" on page 67, then the "Future Village Parks Map" on page 68 showing the Kittleson Hill addition to Candy Cane Park.

CERTIFIED SURVEY MAP NO. 5571

Outlot 99G and part of Valley Lane of the 1962 Revision of Part of the New Glarus Assessor's Plat in the Southwest 1/4 of the Northwest 1/4 of Section 23, Town 4 North, Range 7 East, Village of New Glarus, Green County, Wisconsin, bounded and described as follows:

Commencing at the Northwest corner of said Section 23; thence N89°34'11"E along the North line of Section 23, 498.40'; thence S00°19'15"W, 1359.72' to the Southerly right of way line of 10th Avenue and the point of beginning; thence S00°19'15"W, 593.58' to the Northerly right of way line of 12th Avenue; thence N89°35'41"E along said right of way line, 329.92'; thence N00°18'59"E, 508.65' to the centerline of Valley Lane; thence N60°26'54"W along said centerline, 170.14' to the Southerly right of way line of 10th Avenue; thence S89°35'09"W along said right of way line, 181.40' to the point of beginning; subject to a public road right of way as shown and to any and all easements of record.

I hereby certify that this survey is in compliance with Section 236.34 of the Wis. Statutes and the subdivision regulations of the Village of New Glarus, and that under the direction of Deborah Carey, I have surveyed, monumented, and mapped the lands described hereon, and that this map is a correct representation of all exterior boundaries of the land surveyed in accordance with the information provided.

TOWN OF NEW GLARUS
PLAN COMMISSION MEETING
THURSDAY, MARCH 16, 2023
MINUTES

Members Attending: Chris Narveson: Chair; John Freitag, Craig Galhouse, Robert Elkins, and Reg Reis

Absent: John Ott (excused) and Mark Pernitz (excused)

Also Attending: John Wright: Clerk-Treasurer; Tim Schleeper (virtually): planner, Vierbicher Associates; and Carol Holmes (arrived at 6:38 PM and departed at 7:00 PM): developer for Airport Road property

1. **Call to Order and Proof of Posting:** Chair Narveson called the meeting to order at 6:00 PM. Clerk-Treasurer Wright attested to proper proof of posting.
2. **Approve Minutes:** Motion to approve the meeting minutes from February 16, 2023, as presented, was made by Commissioner Elkins; second by Commissioner Freitag. Motion carried 5-0.
3. **Update Regarding Natural Heritage Inventory (NHI) Determination by Wisconsin Department of Natural Resources and any Restrictions on the Development**
 - a. Hustad Valley Road property owned by Collin Legler – Planner Schleeper provided a summary of the Endangered Resources Review dated February 22, 2023. One bird species and one plant species that may be present in this location are considered threatened within Wisconsin. There followed a brief discussion of options available to developers to comply with the guidelines and/or seek an incidental take permit.
 - b. Airport Road property owned by Carol Holmes – Schleeper noted one species of insect was identified within the Federal High Potential Zone. There followed a discussion regarding when the requirements were added to Chapter 110 regarding review of historical, geographic, and natural features and what authority would review for possible violations. Additionally, it was noted that land development is not synonymous with the subdivision of larger parcels by means of a recording instrument such as a certified survey map or plat. This would potentially allow these standards to be applied to pre-ordinance parcels when issuing building permits. There followed a discussion regarding the need to provide a potential developer with specific guidelines at the outset of the process; without objection.
4. **Deed Restriction Recorded for Hustad Valley Road Property** – The restriction was recorded with Green County Register of Deeds on February 17, 2023; the document is in the packet.
5. **Private Road Maintenance Agreement for Airport Road Property** – Planner Schleeper stated that the agreement, included in the packet, needs to be recorded with the Register of Deeds and will run with the land. As such, it needs to be formatted for recordation. There followed a brief discussion of the restriction on heavy farm machinery access without mutual written consent. It was noted that construction of a cul-de-sac bulb will depend upon the order that Lots 1, 2, and 3 of the Preliminary Plat are sold. The Village has scheduled a Joint Town/Village Extraterritorial Zoning Committee meeting for March 21, 2023 to discuss the Holmes Plat that is within their plat review jurisdiction.

Motion to recommend to the Town Board the approval of the Private Road Maintenance Agreement once it is reformatted for recordation with the Green County Register of Deeds was made by Commissioner Freitag; second by Commissioner Elkins. Motion carried 5-0.

6. **Discussion with Possible Action Regarding Driveway Permit Request for O 'Flanagan Property Located at W5921 Legler Valley Road** – Green County issued a fire number to the current owner earlier this year. Parcel 23024 0158.0000 is within the Village of New Glarus extraterritorial zoning jurisdiction. Clerk-Treasurer Wright noted that the north end of the parcel was defined pre-Ordinance by CSM, but appears to have been incorporated into the larger parcel description that is more than 200 acres in size. Chair Narveson noted that the current owner has applied for a building permit for an agricultural use building in advance of constructing a single-

TOWN OF NEW GLARUS

family dwelling. Narveson reported he visited the property and noted that a large culvert had been installed at some point in the past beneath the existing field road access, which crosses the Legler School Branch. A section of that field access, that is approximately 100 to 150' in length, has a slope of approximately 14% to 16%; therefore, it will not comply with the standard for residential access by private driveway within the Town. Planner Schleeper recommended that Chair Narveson discuss the proposed access with the New Glarus Fire Department regarding how they would respond to a structure fire in the location proposed. Without objection, the members in attendance instructed Narveson to require the access be built to Town standards for a residential driveway.

7. **Discussion with Possible Action Regarding the Expiration of Chair Appointment on Plan Commission on April 18, 2023** – It was noted that the Town Chair traditionally chairs the Plan Commission. However, it is unknown at this time whether this is a tradition or codified by State Statute or local code. Without objection, this item will be added to the April 12, 2023 Town Board meeting agenda for further discussion.

8. **Scheduled Public Hearing Date to Amend Chapter 110 on April 12, 2023**

- a. Add “municipal use” and/or “public use” to the definitions within 110-5
- b. Open space definition: include specific public or municipal uses

Clerk-Treasurer Wright reported he posted the notice in three physical locations and on the Town website on March 6, 2023. The two published notices will appear on March 23 and March 30, 2023. If approved after the public hearing, a summary of the amended ordinance will need to be published and will be effective the day after publication.

9. **Clarification of Town Process for Development Potential Questions** – Those in attendance discussed when the Town should begin charging for land development inquiries that pertain to specific properties rather than general questions. In the past, the appointed Town Plan Administrator collected application fees from a developer after they presented an initial concept to the Plan Commission to see whether what was proposed was possible given the location of the property and its development potential. Currently, the Clerk-Treasurer has invoiced developers for actual costs associated with Vierbicher review of development potential, concept plan or map, draft documents such as plats or certified survey maps, published notices, postage, etc. rather than flat fees defined within the Town Fee Schedule that includes escrow collection.

10. **Update Regarding W6599 STH 39 Knowles-Nelson Stewardship Grant Application**

- a. Approval of amended CORP – The updates were adopted by the Board by Resolution 230308 following a duly noticed public hearing on March 8, 2023.
- b. Town Board decision regarding firm to perform USPAP-compliant appraisal of land restricted to passive recreational use – The Board reviewed three proposals and accepted the proposal from MJ Barnes & Associates at the special Town Board meeting held on March 2, 2023. Planner Schleeper reported that the staking of the property is scheduled for March 20, 2023. There followed a discussion regarding what becomes of the unused residential development potential if the Town does not sell cluster lots from the property is purchased. Chair Narveson provided a brief report of ongoing discussions with a neighboring property owner about access to the Town land from Legler Valley Road possibly in exchange for vehicular access to STH 39.

6. **Adjourn**

Motion to adjourn by Commissioner Galhouse at 8:28 PM; second by Commissioner Freitag.
Motion carried 5-0.

Approved:

John Wright, Clerk-Treasurer
