

TOWN OF NEW GLARUS

LAND DIVISION HEARING NOTICE

WEDNESDAY, FEBRUARY 14, 2024

LOCATION: New Glarus Town Hall
26 5th Avenue
New Glarus, WI 53574

DATE: Wednesday, February 14, 2024
TIME: 6:00 PM

NOTICE IS HEREBY GIVEN that the Board of Supervisors for the Town of New Glarus, County of Green, will conduct a public hearing to consider an application from Robert Talarczyk on behalf of the Karen Talarczyk Revocable Trust, W5105 Kubly Road, New Glarus, Wisconsin, for a proposed normal density land division of 6 lots (1 lot was defined pre-Ordinance) by Preliminary Plat for residential use along Kubly and Airport Road in Section 24, T4N, R7E.

- A. There will be a public hearing on the proposal; the applicant will be allotted 15 minutes to explain the proposal, followed by questions from the Town Board
- B. Members of the public will be recognized to speak for 5 minutes each

After the public hearing has adjourned, the discussion will be among the Town Board members only at the regular Town Board meeting that follows.

Complete Documents may be reviewed on our website: www.townofnewglarus.com under the Agendas/Minutes heading.

Chris Narveson, Chair
New Glarus Town Board

Endangered Resources Preliminary Assessment

Created on **11/14/2023**. This report is good for one year after the created date.

DNR staff will be reviewing the ER Preliminary Assessments to verify the results provided by the Public Portal. ER Preliminary Assessments are only valid if the project habitat and waterway-related questions are answered accurately based on current site conditions. If an assessment is deemed invalid, a full ER review may be required even if the assessment indicated otherwise.

Results

A search was conducted of the NHI Portal within a 1-mile buffer (for terrestrial and wetland species) and a 2-mile buffer (for aquatic species) of the project area. Based on these search results, below are your next steps.

An ER Review is needed to ensure compliance with Wisconsin's Endangered Species Law (s. 29.604 Wis. Stats.) and the Federal Endangered Species Act (16 USC ss 1531-43). Therefore you should request an Endangered Resources Review <https://dnr.wi.gov/topic/ERReview/Review.html>. The ER Review will list the endangered resources that have been recorded within the vicinity of the project area and follow-up actions may be necessary.

One (or more) of the following situations apply:

- The species recorded are state or federal threatened or endangered animals.
- The species recorded are state threatened or endangered plants on public land.
- The species recorded are federal threatened or endangered plants on federal land or involve federal funds or a federal permit.
- The project site overlaps the Karner Blue Butterfly High Potential Range.
- The project overlaps the Rusty Patched Bumble Bee High Potential Zone.

A copy of this document can be kept on file and submitted with any other necessary DNR permit applications to show that the need for an ER Review has been met. This notice only addresses endangered resources issues. This notice does not constitute DNR authorization of the proposed project and does not exempt the project from securing necessary permits and approvals from the DNR and/or other permitting authorities.

Project Information

Landowner name	Robert Talarczyk
Project address	W5105 Kubly Road New Glarus, WI 53574
Project description	Divide a 199.58 acre farm into 6 lots.
Order number	23 005 1990
Stand number	1-7

Project Questions

Does the project involve a public property?	No
Is there any federal involvement with the project?	No
Is the project a utility, agricultural, forestry or bulk sampling (associated with mining) project?	No
Is the project property in Managed Forest Law or Managed Forest Tax Law?	Yes
Project involves tree or shrub removal?	No

Public Portal ID: **o845HMeIO**

11/14/2023, 1:04:49 PM

Is project near (within 300 ft) a waterbody or a shoreline? **Yes**

Is project within a waterbody or along the shoreline? **Yes**

Does the project area (including access routes, staging areas, laydown yards, select sites, source/fill sites, etc.) occur **entirely within** one or more of the following habitats?

Urban/residential	No
Manicured lawn	No
Artificial/paved surface	No
Agricultural land	No
Areas covered in crushed stone or gravel	No
